Re: Administrative Record for the Detrex Source Area (OU 5)
Fields Brook Superfund Site, Ashtabula, OH

Dear Mr. Cascarilla:

Thank you for your letters of February 28, 2014 and March 7, 2014, transmitting copies of documents for submission to the Detrex ESD Administrative Record. All of these documents have been submitted to the Superfund Record Center.

After double checking all the documents, it appears that I missed a couple of items on your original list.

If you could provide the following documents, it would save the time and expense of an additional file search:

12. *"Fields Brook Superfund Site – Detrex Source Control Area Remedial Design/Remedial Action Work Plan – Fields Brook Action Group Comments"*, de maximis, inc. letter to Terese Van Donsel, May 12, 2006.

13. *"Informal Dispute Resolution Presentation,"* de maximis, inc., May 31, 2006.

After we have received these documents, we will place them in the AR.

Thank you. If you have any questions, please contact Peter Felitti or myself.

Sincerely,

A handwritten signature in blue ink, appearing to read "W. Owen Thompson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

W. Owen Thompson
Remedial Project Manager
Superfund Remedial Response Section Seven
